

CoE-DPP

Introduction and vision

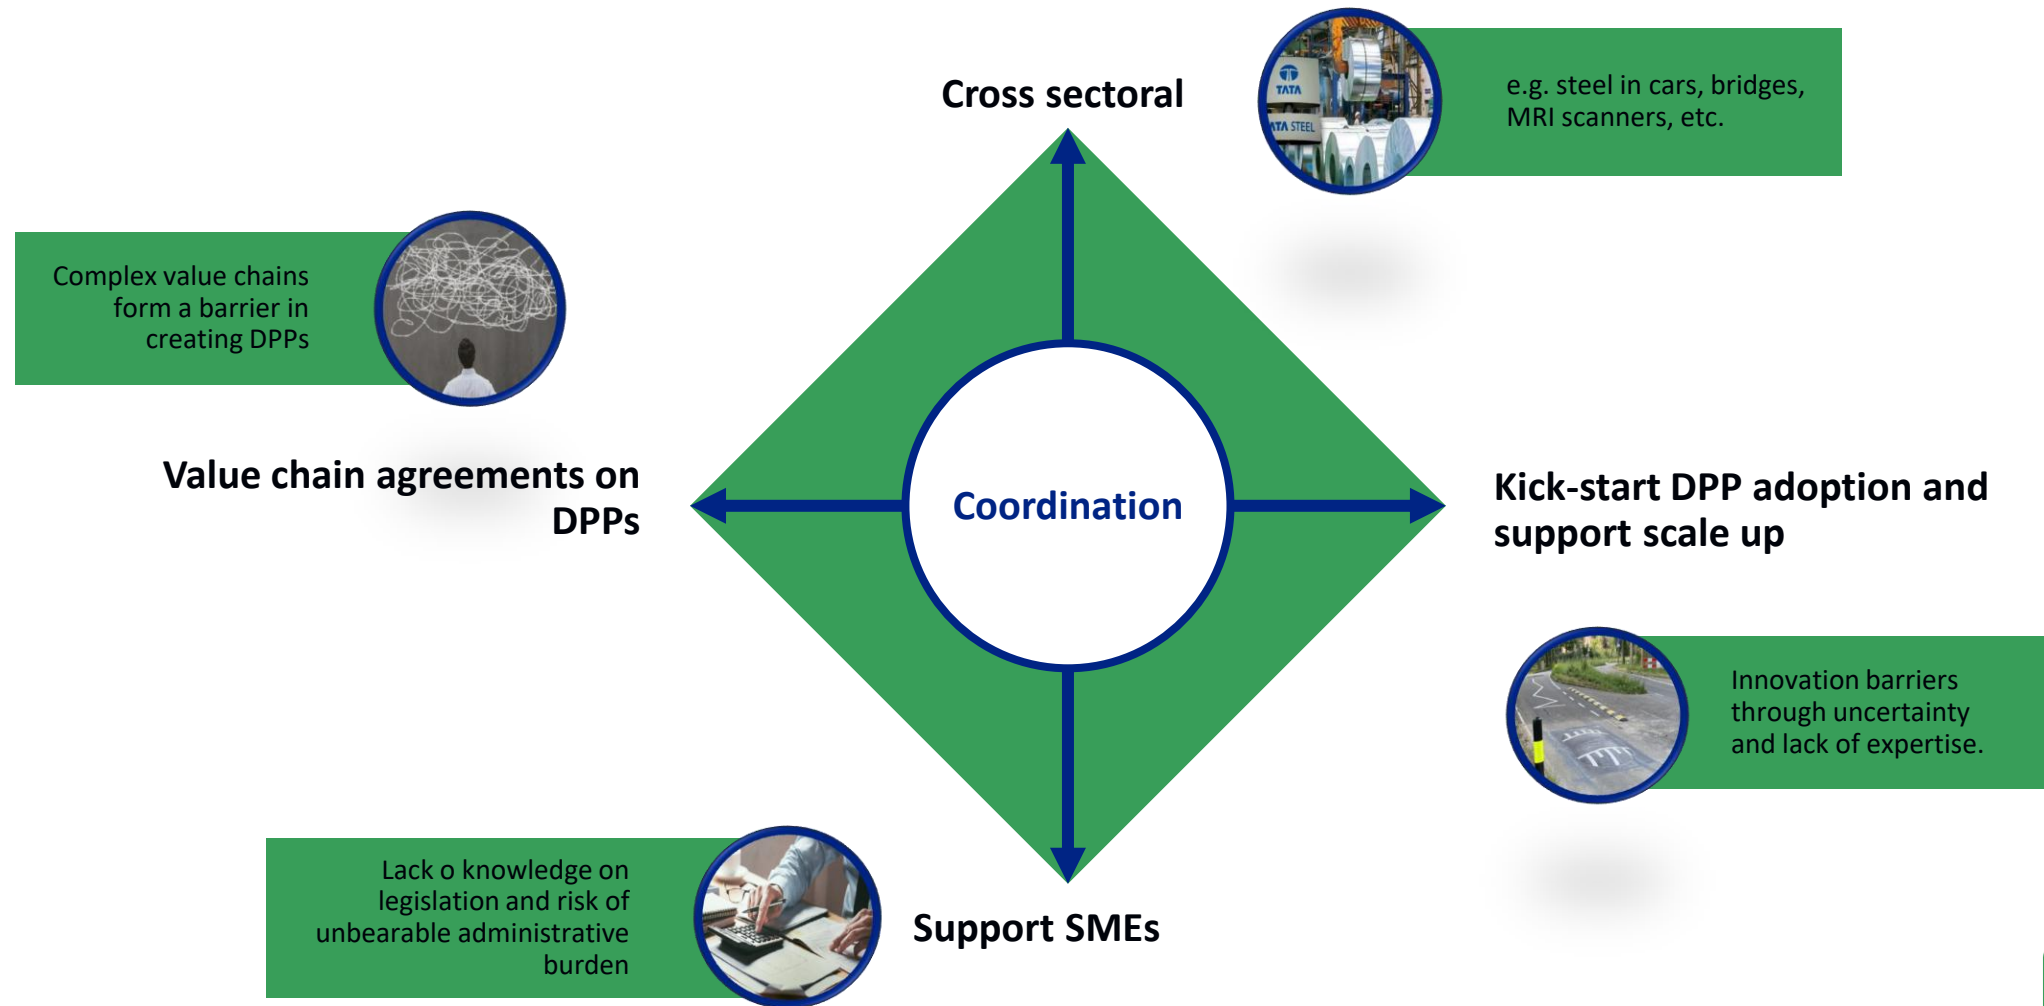

Sjoerd Rongen

We have a number of organization 'inventing' DPPs

- Doing the same thing twice
- Lack of interoperability
- Building silo's
- Difficulty in reaching critical mass for the network to become beneficial

CoE-DPP to coordinate various efforts

We will make DPPs work in practice

What is a working DPP?

We will make DPPs work in practice

What is a working DPP?

**Meeting legislative
requirements**

**Adding value to
adopting ecosystems**

**Enable a sustainable
circular economy**

We will make DPPs work in practice

What is a working DPP?

Meeting legislative requirements

- ESPR
- Battery Regulation
- Toy regulation
- Detergent regulation
- Construction Product Regulation
- Critical Raw Material Act
- Machinery directive
- ...

Adding value to adopting ecosystems

Enable a sustainable circular economy

We will make DPPs work in practice

What is a working DPP?

Meeting legislative requirements

- ESPR
- Battery Regulation
- Toy regulation
- Detergent regulation
- Construction Product Regulation
- Critical Raw Material Act
- Machinery directive
- ...

Adding value to adopting ecosystems

- Circular business models
- Value added Re-X businesses
- Lowering risky dependencies
- Increasing consumer value
- Capturing more value from waste streams
-

Enable a sustainable circular economy

Lots to do, lots being done!

- Facilitating knowledge sharing and alignment
- Providing expertise and ensuring interoperability
- Increasing DPP awareness
- Mapping the Dutch DPP ecosystem
- Setting up collaborations

What do you expect of the CoE-DPP?

- Supporting use cases
 - Sharing expertise and explainer documents
 - A DPP vocabulary hub
 - Facilitating community meetups
 - DPP sandbox
-
- Please let us know what you expect from the CoE-DPP!

What do you expect from the CoE-DPP?

Thank you
